

NVIDIA GRID Remote Workstation Certifications

Industry leading software vendors are remotely logging into GRID platforms and performing their rigorous tests to certify workstation applications. These certifications are done so the end user will have the best possible experience when running an application listed below on a GRID K2 board.

GRID K2 on Citrix XenDesktop with XenServer

ISV	Application	Certified Driver
Autodesk	AutoCAD 2013	310.90
	Inventor 2013	310.90
	Revit 2013	310.90
	AutoCAD 2014	311.35
	Inventor 2014	311.35
Bunkspeed	Bunkspeed SHOT 2013	311.35
	Bunkspeed PRO 2013	311.35
	Bunkspeed DRIVE 2013	311.35
TerraSpark	Insight Earth	311.35
Ansys	Ansys	In Progress
Autodesk	Revit 2014	In Progress
Chaos	V-ray	In Progress
ESRI	ArcGIS	In Progress
Siemens	Siemens NX	In Progress
